The background of the entire image is a textured, mottled olive-green or taupe color. In the upper right quadrant, there is a faint, artistic illustration of two roses. One rose is in full bloom, facing right, while the other is partially open and positioned slightly behind and to the left of the first. The roses are rendered in a light, sketchy style that blends into the background.

I also want to thank our beautiful Mom for having so much love for all of our family. Because of this wonderful woman, we have a close, and loving family. She blessed me with some of the most wonderful sisters, brothers, and neices and nephews. We all have the kindest hearts because of our Mom. Thank you Mom for all the memories, until we meet again I will treasure and miss you. I love you now and forever more.

A beautiful women inside and out. We have so many memories together. I wish we could have so many more years to make more memories, but God saw you were tired. Please tell Samantha hi and you both take care of each other until I see you both again. I know Grandma and Grandpa are there with you and all your other love ones your brother and sisters, Joe and Dad! What a beautiful reunion it must be in heaven! I am so glad you are not alone because I know you never wanted to be alone. I love you.

I will always remember the wonderful person, friend, and Mom. She became my best friend in my darkest hour, the person I am and the person I want to be is a result of her love. In my heart Mom will forever remain.
